

**SUNAYA**  
BUSINESS IS FREEDOM

June 2008

To whom it may concern,

I have known and worked with John Mills for approximately 6 years, during this time I have found John to be highly skilled in planning, organising and implementing a wide range of projects. He has excellent skills in diligence and attention to detail and has added significant value, with these abilities, to the company that I have consulted to. John has good communication skills and is reliable. I highly recommend him to any business that requires Company Vision and Project Management implementation.

Sincerely,  
Neil Hopley  
Managing Director
